**KENTUCKY STATE UNIVERSITY
MANAGEMENT'S DISCUSSION AND ANALYSIS**

Introduction

Operating revenues were \$45.4 million and operating expenditures were \$67.6 million, resulting in a loss from operations of \$22.3 million. Net non-operating revenues were \$31.8 million, including \$24.6 million in state appropriations, which, when combined with the loss from operations and capital appropriations, resulted in an overall increase in net assets of \$11.3 million.

Using the Financial Statements

The University's Financial Statements consist of three financial statements: a Statement of Net Assets (Balance Sheet); a Statement of Revenues, Expenses and Changes in Net Assets (Income Statement); and a Statement of Cash Flows, along with the accompanying Notes to the Financial Statements. These financial statements are prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*.

Kentucky State University is a component unit of the Commonwealth of Kentucky.

Investments amounted to \$10.1 million or 8.2% of total assets. During the year, total assets increased by \$9.4 million, primarily due to increases in student accounts, grant and loans receivables, capital assets and investments.

Liabilities. As of June 30, 2010, total liabilities amounted to \$18.0 million. Long-term debt includes

Statement of Cash Flows

The Statement of Cash Flows presents information related to the University's cash inflows and outflows summarized by operating activities, noncapital financing activities, capital financing activities and investing activities. The primary purpose of the Statement of Cash Flows is to provide information about the cash receipts and cash payments made by the University during the year, to allow financial statement readers to assess the University's ability to generate future net cash flows, its ability to meet obligations as they become due and its possible need for external financing.

Condensed Statement of Cash Flows

	<u>2010</u>	<u>2009</u>	<u>2008</u>
Cash (used) provided by:			
Operating activities	\$ (17,461,608)	\$ (18,374,044)	\$ (23,032,029)

Capital and related financing activities	(7,777,980)	(6,781,586)	(16,818,731)

Cash and cash equivalents, beginning year	<u>17,064,879</u>	<u>12,428,883</u>	<u>20,950,227</u>
Cash and cash equivalents, end of year	<u>\$ 22,972,425</u>	<u>\$ 17,064,879</u>	<u>\$ 12,428,883</u>

Major sources of cash received from operating activities are student tuition and fees of \$17.6 million and grants and contracts of \$19.5 million. Major uses of cash for operating activities were payments to employees for salaries and benefits of \$35.3 million and to vendors and contractors of \$18.9 million.

Noncapital financing activities included state appropriations from the Commonwealth of Kentucky of \$24.6 million.

Capital and related financing activities included capital appropriations from the Commonwealth of Kentucky and other sources of \$1.8 million. Cash of \$9.5 million was expended for construction and acquisition of capital assets and for principal and interest payments on the retirement of the University's bonds and other capital related debt.

Net cash of \$261,222 was used for conducting investing activities, including purchase and sales of investments, and interest and dividends earned on investments. Investment activity was primarily related to management of the University's endowments.

2009 versus 2008

Compared to fiscal year 2008, the amount of cash used to fund operations has been reduced primarily due to operational efficiencies that have been implemented. Net cash for noncapital financing activities and investment activities remains constant. Capital and related financing has been reduced due to the completion of capital projects.

State Appropriations

State appropriations represent approximately 31.4% of all operating and non-operating revenues. The level of state support is a key factor influencing the University's overall financial condition. State appropriation is unrestricted revenue and is included as non-operating revenue. State appropriation is used to support payroll and benefits for University employees.

The following details the net Commonwealth appropriations received by the University for fiscal years ending June 30, 2010, 2009 and 2008.

	<u>2010</u>	<u>2009</u>	<u>2008</u>
Commonwealth appropriations	\$ 24,630,377	\$ 26,435,199	\$ 27,525,700
Federal appropriations	<u>6,507,463</u>	<u>4,977,599</u>	<u>6,246,011</u>
Total appropriations	<u>\$ 31,137,840</u>	<u>\$ 31,412,798</u>	<u>\$ 33,771,711</u>

Capital Appropriations for the Commonwealth

The University faces financial challenges to maintain and upgrade its capital assets including its infrastructure, buildings and grounds. A combination of revenue sources funds the University's investment in capital improvements, including appropriations provided by the Commonwealth of Kentucky. In fiscal year 2010, the Commonwealth provided \$1.8 million in capital appropriations to the University. State capital appropriations plus federal sources plays an important role in the University's efforts to address deferred maintenance projects.

Grant and Contract Revenue

The following table details the University's grant and contract revenue for fiscal years ended June 30, 2010, 2009 and 2008.

	<u>2010</u>	<u>2009</u>	<u>2008</u>

Total grants and contracts	<u>\$ 21,146,772</u>	<u>\$ 14,689,927</u>	<u>\$ 12,650,743</u>

Capital Plan

In early 2009, the University submitted its Six Year Capital Plan to the Kentucky General Assembly to be acted upon during the 2010 regular session of the General Assembly. This plan included projects separated into three biennia beginning in 2010 and ending 2016. The execution of the University's capital plan is contingent upon sufficient funding from the Commonwealth.

The \$200 million request for the first biennium (2010-2012) is comprised of new construction projects, maintenance projects and information technology projects. The University primarily funds its projects from four sources: state general fund appropriations, federal USDA funds, agency funds, and private funding. University-issued bond funding is also available.

New construction projects proposed include: \$7.8 million to expand or build a new Betty White Nursing

In December 2009, the GASB issued Statement No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*. This Statement amends Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, to permit an agent employer that has an individual employer OPEB plan with fewer than 100 total plan members to use the alternative measurement method, at its option, regardless of the number of total plan members in the agent multiple employer OPEB plan in which it participates. This Statement also amends a Statement No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, requirement that a defined benefit OPEB plan obtain an actuarial valuation. The amendment permits the requirement to be satisfied for an agent multiple-employer OPEB plan by reporting an aggregation of results of actuarial valuations of the individual-employer OPEB plans or measurements resulting from use of the alternative measurement method for individual-employer OPEB plans that are eligible. In addition, this Statement clarifies that

NOTE 12 – KENTUCKY STATE UNIVERSITY FOUNDATION, INC. (Continued)

(c) Revenue Recognition:

Contributions are generally recognized when received. However, pledges are recognized when the donor makes a promise to give to the Foundation that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.
